

# ColorTech™ Pavers

only from EP Henry

Advanced Protection.  
Enhanced Color.™

ColorTech™ by  
**EP HENRY**®

# COLORTECH™ NEXT-LEVEL DURABILITY

Resists  
staining

Reduces fading  
from UV rays

Improves protection  
from acid rain

## Advanced Protection. Enhanced Color.™

EP Henry's exclusive ColorTech™ process creates a look that's a cut above natural stone. ColorTech™ is a factory applied integral sealer that unlocks the natural beauty of pavers while adding a layer of protection that's resistant to most common stains, erosion from acid rain, and fading from UV rays. The result is long-lasting color that enhances the appearance of your backyard today and protects your investment for tomorrow.

### ColorTech™ Protection Comparison

*Same amount of red wine spilled*

Competitor's paver without ColorTech™

EP Henry paver with ColorTech™
