EP HENRY®
Values that Endure®

Cast Stone Wall, Random Face and Full Face, Durango

Inspired by Nature,
Handcrafted by EP Henry

Cast Stone Wall is the first and only mortarless retaining wall system to provide the beauty of natural stone at a fraction of the cost. Developed by EP Henry and utilizing technology that is a marriage of wet cast and dry cast manufacturing processes, Cast Stone Wall represents the next generation in retaining walls.

With over 70 unique face patterns and crafted from molds utilizing natural stone, Cast Stone Wall is virtually indistinguishable from its original inspiration. And, unlike conventional masonry wall systems, Cast Stone Wall can be installed in about one-third of the time and half of the cost. Cast Stone Wall by EP Henry allows you to create everything from garden to retaining walls that truly emulate natural stone so closely that only you and your builder will know the difference.

*Patent Pending

“EP Henry’s Cast Stone Wall System is truly the next generation product for the segmental block industry and is the most innovative new hardscaping wall product I have seen in the last 20 years. It is the wall system my customers have been asking for — the look of real stone at an affordable installed cost.”

NOTES

- Cast Stone Wall comes in a random mix of profiles in 2 cube offerings: Cast Stone Wall Full Face is all straight, 6x16 faces and Cast Stone Wall Random Face is random joint faces. You can mix the 2 cubes to achieve additional appearances.
- Stretchers are also available in a 36 piece "Short Pallet"

TYPICAL INSTALLATION

Cast Stone Wall Random Face, Durango; Coventry® Stone III, Running Bond Pattern

Features

- Maximum unreinforced height is 5 courses including footer block
- Core-fill with 12.5 lbs. clean stone/unit
- Adhere block to block with high-strength concrete adhesive
- Designed to be installed with no set back
- Meets or exceeds all industry standards for segmental retaining walls and manufactured stone, including shear bond strength and freeze-thaw

Cast Stone Wall provides the look of a hand-crafted stone wall with an installation methodology almost as easy as our Terrace Wall.

Simply core fill (12.5 lbs. clean stone/unit) and adhere block course by course, vertically with no set-back.
